

**“Portola System’s
has helped us
raise the caliber
of our leadership
to a higher
plane by
providing
technology
and services
enabling us to
operate more
effectively and
efficiently.”**

“Portola Systems has brought the Volunteer Center the technological ability to access and to provide information resources not only to internal staff, but also to our community of agencies as well as statewide and national organizations. As the second largest Volunteer Center in the nation we are looked to as a leader in the volunteer community.

“Portola Systems has helped us raise the caliber of our leadership to a higher plane by providing technology and services enabling us to operate more effectively and efficiently.”

Portola’s staff is like our own; they are part of the team that makes it all work together. The ‘it takes a village’ concept applies here; we could not be the leader we are without partners like

Portola Systems.

-- Wes Winter
