

**"Portola
Systems
became
our
part-time,
high-quality
solution."**

“With the variety of new technology tools available today to support a thriving legal practice, having competent and expeditious support available at all times is critical. Our needs do not require full-time local in-house staff, and competent part-time staff is difficult to keep in any event. Portola Systems became our part-time, high-quality solution. Portola has never failed to come through for us. We, and our clients, now have the best of both worlds!”
